## Justice Dept. Nabs 10 Top Alien Communists

### 76 Others Face Early Roundup, Deportation

Seizure of Unwanted  
Reds Is Underway  
Coast To Coast

WASHINGTON, Oct. 23—(AP)—The Justice department today disclosed it has begun a roundup of top alien communists in the United States, and has arrested 10.

Those already in custody were described as "the most important" of about 86 persons scheduled for prompt pick up and deportation, if deportation is possible.

Officials said the 10 are those who have been most active in the fields of Communist propaganda. In the case of most of this 10, the arrests mark the first time the Justice department has moved to deport them.

However, the department said that many on the proposed detention list of 86 are aliens previously ordered deported but who have not left the country. The roundup extends from coast to coast.

The department acted under the 1950 Internal Security act. This law, enacted over President Truman's veto, permits the attorney general to keep subversive aliens against whom deportation is pending in custody for as long as six months.

If the alien cannot be deported within that time, the law directs that they be kept under close supervision by the immigration service.

Heretofore, many aliens ordered deported have been able to remain free and in this country because of difficulty in getting any other nation to accept them.

In the current pick ups of persons already ordered deported but still here, officials admitted frankly that a prime objective is to spur the efforts of such persons to obtain travel papers from some country, anywhere in the world, willing to accept them.

Under the new law, aliens who have been ordered to leave can be kept in custody or allowed liberty under bond at the attorney general's discretion.

If he grants bond, it must be at least \$500. If he withholds bond, the alien may seek freedom through habeas corpus only by proving in court that the attorney general has acted in an arbitrary or capricious manner or has abused his discretion.

### Three Hospitalized After Area Mishaps

Two sideswipe accidents and a single-car mishap sent three men to hospitals over the weekend.

State patrolmen said the cars driven by Allen Sommers, 17, of R. D. 2, Minerva, and Joseph Marks, 36, of Pittsburgh collided at 1 a. m. today on Route 30, near Bayard.

Both were taken to Mercy hospital in Canton. Marks has lacerations of the face and possible neck injuries. Sommers had multiple abrasions of the body.

Burton Miller, 31, of New Springfield is in City Hospital today for treatment of injuries received at 2:15 a. m. Sunday on Route 7, a mile west of Unity. He said he lost control of his car which went off the road and overturned in a ditch.

He suffered abrasions of the head and shoulders and lacerations of the head. Hospital authorities said Miller is in good condition today.

No one was hurt but steel was scattered over a section of highway following an accident at 11:50 p. m. Sunday on Route 7 a mile south of the junction of routes 7 and 14.

Two large tractor-trailers, one driven by Francis Ruhl, 31, of Steubenville and the other by Dominic DeBonz, 32, of Youngstown collided. The trailers of the vehicles were loaded with steel.

THE FIRST Jato-equipped Coast Guard land plane, a Douglas C-54, takes off from the Oakland, Calif., airport on a test flight. The plane, one of four being converted at a cost of \$140,000, was airborne after a run of only 1,000 feet. A former Air Force ship, the plane was to leave for search and rescue work on the east coast.

## Floyd W. McKee New Water Head

Resignation Creates  
Chairman Vacancy

City council will convene in special session at 7:30 p. m. Tuesday to ratify the appointment of Floyd W. McKee of 1456 E. State st. to fill the unexpired term of T. R. Dreyer as chairman of the water commission.

Mr. Dreyer resigned his post with the commission last week. The new appointment, made by Mayor Harry M. Vincent, will

Floyd McKee

make a temporary vacancy in the parks commission, the mayor said today. Mr. McKee is president of that commission.

Mr. Dreyer was appointed this year for a two-year term as chairman of the water commission. He resigned from the E. W. Bliss Co. Sept. 1 to accept a position with a firm in Buffalo. Employed for 10 years by Bliss he has held the position of assistant works manager for the past three years.

Other members of the three-man water commission are Norman A. Pederson of 1872 Painter and F. P. Mullins of 854 S. Lincoln ave.

Council also will discuss the procedure to be used in the collecting of old water bills.

### Chest Drive Goes Over Halfway Mark

Community Chest teams go into their "battle for the second half" of their drive for \$41,080 today after passing the halfway mark over the weekend.

A total of \$22,128.80 has been collected thus far, leaving for the first time less to be solicited than the amount on hand. The new figure represents an increase of \$2,453.33 over last week's total. The sum of \$18,951.20 still has to be collected in order to reach this year's quota.

## Reds Kill 68 Americans; Officer Is Hero

By DON WHITEHEAD  
SUNCHON, North Korea, Oct. 23—(AP)—Survivors of the Sunchon tunnel massacre were saved because a brigadier general dared to push into Communist territory to check a report that American prisoners of war had been killed by North Korean Reds.

At least 68 American prisoners were slain by their Red guards Friday night near the Sunchon railway tunnel, 10 miles north of here. They had been led from a train into nearby fields under the pretense that they were being taken to supper.

### S. Koreans 50 Miles From Manchuria

SEOUL, Monday, Oct. 23—(AP)—South Korean troops today hurdled northwestern Korea's last major river barrier before the Manchurian frontier. Other republican forces were less than 50 miles from the border.

Machinegunned  
The guards machinegunned them. Sixty-six prisoners died on the spot. Two others died during the night of their wounds. At least 21, many of them wounded lived through the hour-long massacre.

Had Brig. Gen. Frank A. Allen of Cleveland, Ohio, not been so persistent many of the wounded undoubtedly would not have survived the bitterly cold night. This is the way the atrocity was discovered.

As assistant divisional commander of the U. S. First Cavalry division, Allen decided Saturday to drive by jeep from Pyongyang to Sunchon to check on the progress of the task force driving north to link up with American paratroopers who had dropped near Sunchon.

I went with them. At Sunchon we heard the report of a massacre at a railroad tunnel. No one had any specific information and this appeared to be just another rumor. But Allen was determined to run it down. "I'd never feel right about it," he said, "if we don't do all we can to find about this."

Stumble onto Bodies  
The general stopped at the headquarters of the South Korean Sixth division and requested a guide to the tunnel. At that time we had no troops in this area.

The South Koreans provided a guide and we headed for the tunnel. A South Korean colonel found the first seven bodies. Men who had starved to death had been laid beside the railroad track.

And then we began finding the survivors and the bodies of the men murdered by the Koreans. Allen directed the job of getting litter bearers to carry the wounded across a ridge.

He walked among the men, patting them on the back, encouraging them, and assuring them their nightmare was over. Maj. Harry Fleming of Racine, Wis., and Capt. Alfred Olson of Columbia, S. C., were with the South Koreans as military advisers and they quickly had troops swarming in to help the Americans and to search the hills for other possible survivors.

Use Of Aluminum  
May Be Restricted  
WASHINGTON, Oct. 23—(AP)—Aluminum—important in the building of aircraft—appeared likely today to be the next strategic material to come under government controls.

Officials said last night that an order now being drafted by the National Production Authority (NPA) for probable issuance within two weeks, either will contain or will be closely followed by restrictions on use of aluminum in non-essential products.

Robert C. Goodwin was named, meanwhile, to the key job in mobilizing the nation's labor force to meet needs of the expanding defense program. Goodwin, 44-year-old head of the government's employment service, was named executive director of the Office of Defense Manpower.

## Health Board Moves Designed To Aid Others

Close Check Being  
Made Among Pupils;  
State Notified

Regulations made by the Salem board of health at the meeting Sunday afternoon will effect every student in Salem High school, Dr. R. T. Holzbach, health commissioner, announced.

A close check will be made of all students, football players are to be isolated, the balance of the football schedule has been cancelled and the state health department has been notified.

"This is not an epidemic," Dr. Holzbach said, "but we want to make sure it won't become one." If no new cases occur within the next seven days, he added, it is a good guess that the polio will be stopped here.

Room 112 Closed  
Room No. 112, which was the home room of Jimmy Judge and Don Harsh, two of the polio victims, and which was used by the football squad for daily meetings, has been isolated. The state health department has been asked to inspect the room, Holzbach said.

Here are the other measures of control suggested by the board Sunday:

1. Every child attending high school shall have his temperature taken at home before going to school and upon return home for a two-week period.

2. Any case complaining of headache or stiffness in the back of the neck, combined with temperature, should be reported immediately to the family physician.

3. Any child attending high school who has a temperature at any time, should notify the school nurse.

4. The entire football squad of 75 players and managers, including the freshman team, shall be confined to their homes for seven days. All girl friends and boy associates of the players who were sick last week are also to be isolated for seven days. (Each player was telephoned Sunday by school authorities.)

5. Members of the coaching staff, who were in direct contact with sick players, will be isolated for seven days.

Dr. Holzbach said the state health department may send investigators to Salem to attempt to find the cause of the disease. He said, however, it is unlikely the department will be able to do much about the local situation, due to its lack of funds.

He urged parents of all high school children to rigidly enforce the precautionary measures outlined.

Son Follows Father,

YOUNGSTOWN, Oct. 23—(AP)—Members of the Hillman st. Christian church here are sure they witnessed a miracle yesterday.

Rev. Ralph Richardson was preaching his farewell sermon. He was transferring to Wauseon, O., after 10 years in the pulpit here. At one point in his sermon, the minister placed a red rose in a vase as a symbol "to some young man from among this congregation who will step forward to accept the ministry."

When Mr. Richardson was finished, his 12-year-old son, Lin, walked up to the pulpit, took the flower from the vase.

The youth's decision to follow his grandfather, father, and an uncle in the ministry was a complete surprise to his parents. Dozens of handkerchiefs came out among the congregation as the touching scene unfolded.

Examined For Draft  
The Columbiana county draft board sent 58 men to Canton today for pre-induction physical examinations. An induction call for 24 men is scheduled Oct. 26. Thirteen men from the county were inducted last week.

## Potters Given 10-Cent Boost

Agreement Reached  
At N. Y. Meeting

EAST LIVERPOOL, Oct. 23—Some 28,000 members of the National Brotherhood of Operative Potters stand to collect 10 cents more per hour Nov. 1.

The United Potters Association and the AFL union reached the settlement Saturday night after five days of negotiations in New York City.

Joseph M. Wells, chairman of the USPA's labor committee and head of the industry's confederates, said the increase will be translated into a percentage for piecework employees.

The raise is embodied in the current two-year working agreement, which expires Oct. 1, 1951, and covers men and women in the dinnerware industry. Employees of the sanitary trade have separate contracts.

Four sanitary firms granted 10-cent raises earlier. The new rate raises the minimums to \$1.07 for women and \$1.26 for men.

## Three On Team With Polio In Good Condition

3 Remaining Football  
Games Cancelled As  
Precautionary Move

An outbreak of poliomyelitis cases, which affected five Salem High school boys, including three football players, is being combated here by emergency measures enforced Sunday by the Salem health department.

The board has ordered every member of the Salem High football team under quarantine and cancelled the three remaining games on the team's schedule. The team was to have played Steubenville Central Catholic, East Liverpool and Lisbon.

Coach Ben Barrett's assistants who are affected by the quarantine include Everett Dean, Ward Zellers, Alva Tetlow, Kenneth and Jacobs and Faculty Manager Fred Cope.

Extreme caution is being exercised with the rest of the High school student body.

The last two victims of the disease were taken to Akron Children's Hospital Saturday night, after diagnosis was made here.

Attend Sunday Meeting  
Following that turn of events, an emergency meeting was called Sunday afternoon by the health department at the High school.

Those attending the emergency meeting were: Dr. R. T. Holzbach, city health commissioner; Dr. Richard McConner, health board member; members of the board of education; Supt. E. S. Kerr, Principal Berman Ludwig; Fred E. Cope, faculty manager; Ben Barrett, football coach; Mrs. Mary Vandenberg, public health nurse, and Mrs. Arthur Brian, school nurse.

Their meeting was called after James Callahan, son of Mr. and Mrs. Clifford Callahan of 1443 Cleveland st., and Tony Colian, son of Mr. and Mrs. Tony Colian of 411 N. Ellsworth ave., were taken to Akron Saturday with polio.

Previously Walter Wisler, son of Mr. and Mrs. Martin Schmidt of 999 Liberty st., was taken to Akron Friday. The fourth boy, Jimmy Judge, son of Mr. and Mrs. Jerry Judge of 352 E. Third st., was taken last Tuesday.

Callahan, Wisler and Colian are all first stringers on the Salem High varsity.

The fifth Salem case is Kenneth Harsh, son of Mr. and Mrs. Kenneth Harsh of 204 Vine st. He is in St. Elizabeth hospital, Youngstown.

Harsh and Judge are sophomores, the other three are seniors at the school.

Played in Struthers Game  
Callahan had played the complete game at Struthers Friday night, scoring one touchdown and throwing a pass for Salem's only other tally.

He became ill around noon Saturday, complaining of a headache. Late in the afternoon his parents summoned a doctor, who ordered the young athlete to the hospital.

He was taken to the Akron hospital Saturday evening. After Callahan's case was diagnosed, physicians conducted tests on young Colian and it was found that he, too, had polio. He was taken to Akron late Saturday night.

Wisler contracted the disease earlier and had been taken to Akron Friday afternoon. His condition was not definitely labeled polio until after 6 p. m. Friday. By that time the Salem team was on its way to Struthers.

Salem's coach, Ben Barrett, was not notified that Wisler definitely had polio until after the game. He was told by the Struthers High school principal, who had heard the news over the radio. The Salem health department was not officially notified until Saturday morning, Dr. Holzbach said.

The Salem boys were reported in good condition Sunday. Judge, Turn to POLIO, Page 14

Rauscher, 144 Himrod st, Brooklyn 21, N. Y.**More Anti-Inflation Moves  
In Building Contemplated**

WASHINGTON, Oct. 23—(INS)—Amid the protests by industry on federal mortgage credit restrictions, the government is contemplating further anti-inflation moves in housing and building. Federal Reserve Board officials say that under consideration are establishments heretofore untouched by "regulation X-AA, the FRB's recent loan control order."

Plans are to cut deeper into next year's housing construction by the imposition of higher down payments, and a shorter repayment period similar to the way "Regulation X" controls the financing of one or two-family dwelling units.

However, an informed source said the new defense measure is in its "initial stage, the process of being studied." He indicated it may take several weeks to iron out technicalities.

It is presumed that the order will only effect construction loans obtained through federal or private banks. Financing by outside means such as through the issuance of stock, funds on hand, and so forth will be curbed effectively by defense restrictions on the use of building materials, officials think.

Another way to prick the inflation bubble would be for the FRB to crack down on loans for home improvements and repairs under \$2,500. But this appears unlikely because when consumer credit controls were recently tightened, the board bypassed home improvement loans.

This type of loan now is limited to a 30-month repayment period with a 10 percent down payment. FHA property improvement loans from June, 1934, to July 1950 totaled more than four billion dollars; 593 million

dollars in 1949; and in July, 1950, about 124,000 loans amounted to \$62,000,000.

Segments of the housing industry are making a staunch but so far losing fight against the regulations which they call too severe. They pointed out that the 141,000 homes started in August dropped to 115,000 in September largely because of the more lenient mortgage credit was available in July when August building was financed.

Raymond Foley, the administration's top housing authority, predicts that the construction of new homes will shrink about one-third next year to 800,000 or more units compared with this year's record-breaking pace of 1,300,000.

**Rent Control Law  
May Be Extended**

WASHINGTON, Oct. 23—(INS)—General opinion around Congress these days on extension of federal rent control is that extension of the expiration date, Dec. 31, is a probability and passage of a new control law a possibility.

About 3,000 cities, towns and villages throughout the country have failed so far to act on whether rent control is desired for six months after Dec. 31.

Under the law, a community can take affirmative action to continue the rent act if a housing shortage is shown to exist. If no action is taken, controls automatically expire Dec. 31.

The housing expediter's office estimates that 56,500,000 persons live in areas still under federal control containing about 8,100,000 rental housing units.

Since July 1, 200 communities with an estimated population of 9,300,000 and 1,800,000 homes have acted to keep controls; 78 cities or towns with 2,000,000 persons and 360,000 units have voted de-control through local and state option; and housing expediter

**Slum And Low Rent  
Projects Stalled**

WASHINGTON, Oct. 23—(INS)—The objective of the government low rental housing and slum clearance programs appears today to be doomed by the long-range rearmament plans.

Congress authorized the construction of 810,000 public housing rental units for families with low incomes over a six-year period. So far only about 10,000 units have been started under a 30,000 limitation for the last six months of this year ordered by President Truman.

The billion-dollar slum clearance program is still entirely on paper and prospects are it will stay that way for many months.

## Pastor Recalled As Chaplain

**Rev. Ogden Reports To Camp Nov. 15**

At the morning worship service Sunday in the Presbyterian church Rev. Harold L. Ogden informed the congregation that he has been recalled to active duty as a navy reserve chaplain. He has been assigned to the Second Marine Division stationed at Camp Lejeune, N. C. where he will report for duty Nov. 15.

In view of his orders to report as a Marine chaplain, Rev. Ogden had submitted his resignation at a previous meeting of elders and trustees of the church. A congregational meeting has been called for Sunday morning, Nov. 5, following the worship service. At that time the congregation will be asked to concur in Rev.

Ogden's request to have Mahoning Presbytery dissolve the pastoral relationship.

Rev. Ogden came to Salem in February of 1948 from Carthage, Mo. Before his Carthage pastorate, he had served for 55 months as navy chaplain.

## Midway Grange Sets Meeting For Tuesday

LEETONIA, Oct. 23—The regular meeting of Midway Grange will be held Tuesday at 8 p. m. with R. J. Barrow of Columbiana showing colored pictures taken during his six weeks European tour. A travelogue will be presented by Mr. Barrow in connection with the picture.

The grange will sponsor a "Hard Times Party," open to the public, Wednesday. Those attending are asked to come dressed in jeans, slacks or gingham. Folk dancing will be under the direction of Mr. and Mrs. Gilbert Edgerton. This party is sponsored by the Home Economics committee of which Mrs. Theron Caldwell is chairman.

DAVID PATTERSON, local insurance agent, announces that Leetonia is now listed as a Class Six town as a fitting climax to the Fire Prevention week sponsored by the local fire department.

Announcement is made by the Ohio Inspection Bureau, and represents a drop of approximately 15 percent in fire premiums, lowering the classification two classes. Every fire insurance policyholder in Leetonia should be affected. For some time, the village administration, fire department and merchants have been working to secure a substantial fire rate reduction effective to the entire community.

THE DEBORAH class of St. Paul's Lutheran church will be entertained Wednesday evening at the home of Mrs. Ewing Holloway, with Mrs. Richard Caldwell as associate hostess. Mrs. Elwood Zeigler, Mrs. Don McCoy and Martha Lee Weikart are the program committee. Guests are asked to come masked.

## Leetonia Briefs:

Mr. and Mrs. Gilbert Weikart of Greensburg, Pa., spent the weekend with Mrs. Weikart's father, A. H. Beilhart, and aunt, Mrs. Estella Johnson.

## Girard Girl Leaves Hospital; Fund Is \$441

Carol Ann Girard, age 6, went home Saturday to her parents, Mr. and Mrs. James Girard of 465 S. Broadway, to provide a happy ending to a story which touched Salem's heart earlier this month.

Carol Ann was taken Oct. 2 to City Hospital where she received treatment for spinal meningitis and complications. Prescribed drugs put a heavy financial burden on her father, so friends of the family appealed to the Veterans of Foreign Wars post for help.

Under the direction of Commander Robert Carpenter the veterans conducted a successful campaign. E. M. Stephenson, who volunteered as treasurer, has received \$516.11, more than enough to pay for expensive drug treatments.

Money in downtown store canisters, not yet collected, will be retained at the bank in a special child welfare fund, Commander Carpenter said.

## Henry L. Stimson

THERE ARE a great many things that a great many people will be saying about Henry L. Stimson now that he is dead. Mr. Stimson's place in contemporary history—he was 83 years old—bears considerable discussion in order to understand it. Not all his survivors are comfortable about their occasional failures to make it more easily understood.

Occasionally in the United States a man gets too big to be processed in the usual ways. He no longer fits the gauges in common life. This not only baffles, it maddens lesser men who are hurt by the unfavorable comparison. They spare no effort to whittle the out-sized men down to standard proportions.

Something like that happened to Henry Stimson, who was right much oftener than he was permitted to seem to be by the blind resistance of his jealous contemporaries. It is pretty much the same thing that has happened to Winston Churchill. But Mr. Churchill always has known how to dramatize himself. Mr. Stimson lacked color.

All he had was intelligence, integrity and a passion for service to his country. The debt owing to him for his generous service is incalculable. He served in the cabinets of four presidents. It is likely that he was more valuable in his lifetime to America than any other American, including all the better known ones who called on him for help.

## Was It Made In The U. S. A.?

SENATOR TAFT has not said a single word in his campaign for re-election against Joseph T. Ferguson, his opponent. He is not likely to say anything against him, for two reasons:

1. Joseph T. Ferguson is not the Senator's real opponent; the real opponent is the C.I.O. and the other unions which have fallen into line behind C.I.O. leaders.

2. That would not be Senator Taft's way of campaigning. He has no animosity for Mr. Ferguson, therefore he won't pretend to have any.

There is no animosity for Mr. Ferguson as an individual among the Senator's political friends in the campaign, either. They do not admire him for the kind of campaign he is letting the C.I.O. and its satellite organizations put on in his behalf, but they have nothing against him personally.

This is a handicap to Mr. Ferguson's backers, who are specialists in the old-world political art of stirring up class bitterness. They have been racking their brains for dirty digs to make it appear that Taft, because his father was a president of the United States, is unworthy of the support of working people. They even have gone to the ridiculous extreme of pointing to Ferguson's limited vocabulary as proof that he is better than Taft.

These antics may be bell-ringers where the people who thought them up came from—which was not Ohio. In this state, voters are interested in what the man stands for. They are not voting for or against his ancestors, his vocabulary or the color of his tie.

Ohio is forming a deep dislike for the political carpetbaggers who are running the Ferguson campaign. The thing they have to sell does not bear the trademark: Made in the United States of America.

## Diversion In The Nick Of Time

UNTIL the publication of the Hanley letter by Lieut. Gov. Joe R. Hanley himself, New York Democrats were sick chickens. The New York City police scandals and the fustian, feudin' and fightin' inside their own gang were threatening to knock them off their perches. They needed a diversion to get voters' minds off the subject of scandal and corruption.

The Hanley letter created the diversion they needed. But it is a curious kind of diversion. Mr. Hanley himself released his letter obviously to keep the Democrats from releasing it first. He denies the interpretation placed on its contents by his opponents. Gov. Dewey denies the interpretation placed on it by his opponents, which is more to the point, because Dewey is the man the Democrats are really after, besides being the man some New York Republicans are after.

The incident is a spectacular demonstration of one of the axioms of politics—that voters have short memories. In New York state and in the City of New York they now are preoccupied with the incident of the Hanley letter. They will forget about the wholesale corruption of the New York police department under a Democratic administration—if the Democrats are lucky.

At least a poor man can spend as much good time as a rich man.

Speaking of snappy styles—men's neckties resembling silk are made of rubber in France.

## Lift For Berlin

By PETER EDSON

## Fair Promotes German Industries

BUNTING flies again on the main Berlin streets in the American, British and French sectors. The German Republic's black, red and orange flags fly everywhere. The terribly beat up ex-German capital seems to have a bigger lift, spiritually, than it got out of even the air lift.

Reason for all this is the German Industries Fair. It was a masterpiece of Allied propaganda. It flaunted west German recovery right in the face of the Soviet zone.

The contrast is tremendous. In the Soviet sector, the only new construction is half a dozen Communist Party headquarters buildings and a new Russian embassy. In the western zone, reconstruction is everywhere. The people are working and the stores are full.

Part of this is admittedly front. Maj. Gen. Maxwell D. Taylor, U. S. commander in Berlin, admits that he has 26 per cent unemployment. With Marshall Plan money, he has a WPA-type reconstruction program going which employs 58,000 people. A year ago, Berlin production was only 19 per cent of the level of 1936. But today it is 30 per cent of that level. And it is still going up.

THE THING that expressed this confidence was the Berlin Industries Fair. It ran during the first two weeks of October. By intent or otherwise, the fair ended just as the Soviet zone elections were held on October 15.

While there was no doubt about that one-ticket outcome, the Berlin Fair should give an east Berliner who visited it pause for thought. For the fair showed what postwar Germany can be and will be if it is unified and freed from Communist control. Here was all the old German technical genius and scientific development, reborn and on display.

In 10 spacious exhibition halls, any visitor could see what "Made in Germany" today. To give a brief resume, here are some of the products: radios and electric products; chemicals, plastics and rubber; leather, textile and paper products; office equipment and furniture; printing machinery; porcelain and glass; toys and handicrafts; optical goods, precision and surgical instruments; hardware and plumbing;

farm machinery, machine tools and heavy iron and steel products.

There was an abundance of household appliances. The prices on many of these items are lower than average prices for comparable items made in the United States. For example, there are table model radios at 96 marks, or the equivalent of \$24; vacuum sweepers at \$42; electric refrigerators at \$150, and baby grand pianos in mahogany at \$1200.

These items could hardly be considered as competitive with U. S.-made products, however, either as to quality or to style, except possibly the pianos, which are standard design.

THIS FAIR was a warning to the western world, too, that Germany is a competitor to be reckoned with in international trade. West Germany's exports give her a favorable balance of trade with the non-dollar countries even today, though she still has a trade deficit with the dollar countries. Perhaps the healthiest sign of all at the Berlin Industries Fair, however, was that other European countries and the United States had exhibits. Those countries are competing for a share of the German trade. And it is only through a removal of trade barriers that western European unification can be achieved. Great Britain, France, Switzerland, Italy, Belgium, the Netherlands and the Scandinavian countries were represented there.

"George C. Marshall House," the main American exhibit was an interesting and educational showing of photographs, books, pamphlets and movies. But perhaps the best sight to an American's eyes at the Berlin Fair was one simple U. S. exhibit.

It was an American-made ranch-type rambler house in white shingles and green roof. It had a breezeway and attached garage, with an American automobile parked in it. The inside had three bedrooms and all modern conveniences. It was the type that sells for \$8000 to \$14,000 any place in the U. S.

The thing that did the heart good was to see the line-up of Germans, half a block long, waiting to get into it and go through it even early in the morning. It was the swiftest kind of propaganda imaginable.

## Something To Tie To

By TRUMAN TWILL

THE Dionne quintuplets, sweet sixteen and wide-eyed, are in New York City for a long-awaited public appearance. Papa Dionne is still home in Callander, still fretting about his famous daughters, and Mama Dionne is still taking care of the other Dionne kids.

There have been some changes, though. Good old Doctor Dafee died in 1943. Scarcely anyone talks about the depression of the thirties any more. And it has been years since anyone worried publicly about what was going to happen to the five little girls who were born that May 28th in 1934 under inauspicious circumstances.

For a long time, it will be remembered, it was nip and tuck between the crowd that wanted to explore them as freaks, the crowd that wanted to take them away from the Dionnes and exploit them as wards of the state, and the Dionnes who wanted to take charge of their children, themselves.

In the final settlement, all three factions had their way. The quintuplets were exploited to a fare-the-well, but under carefully controlled conditions. They lived in special quarters under special care, the money that poured in from the curious who went to Callander to see them was put away for their future advantage. And Papa and Mama Dionne retained the right to run their own family, though also under controlled conditions. On Sept. 3, 1946, they became the proud parents of their 14th child; the quintuplets had run up the total to 13. No. 14 was what would be known in show business as an anti-climax.

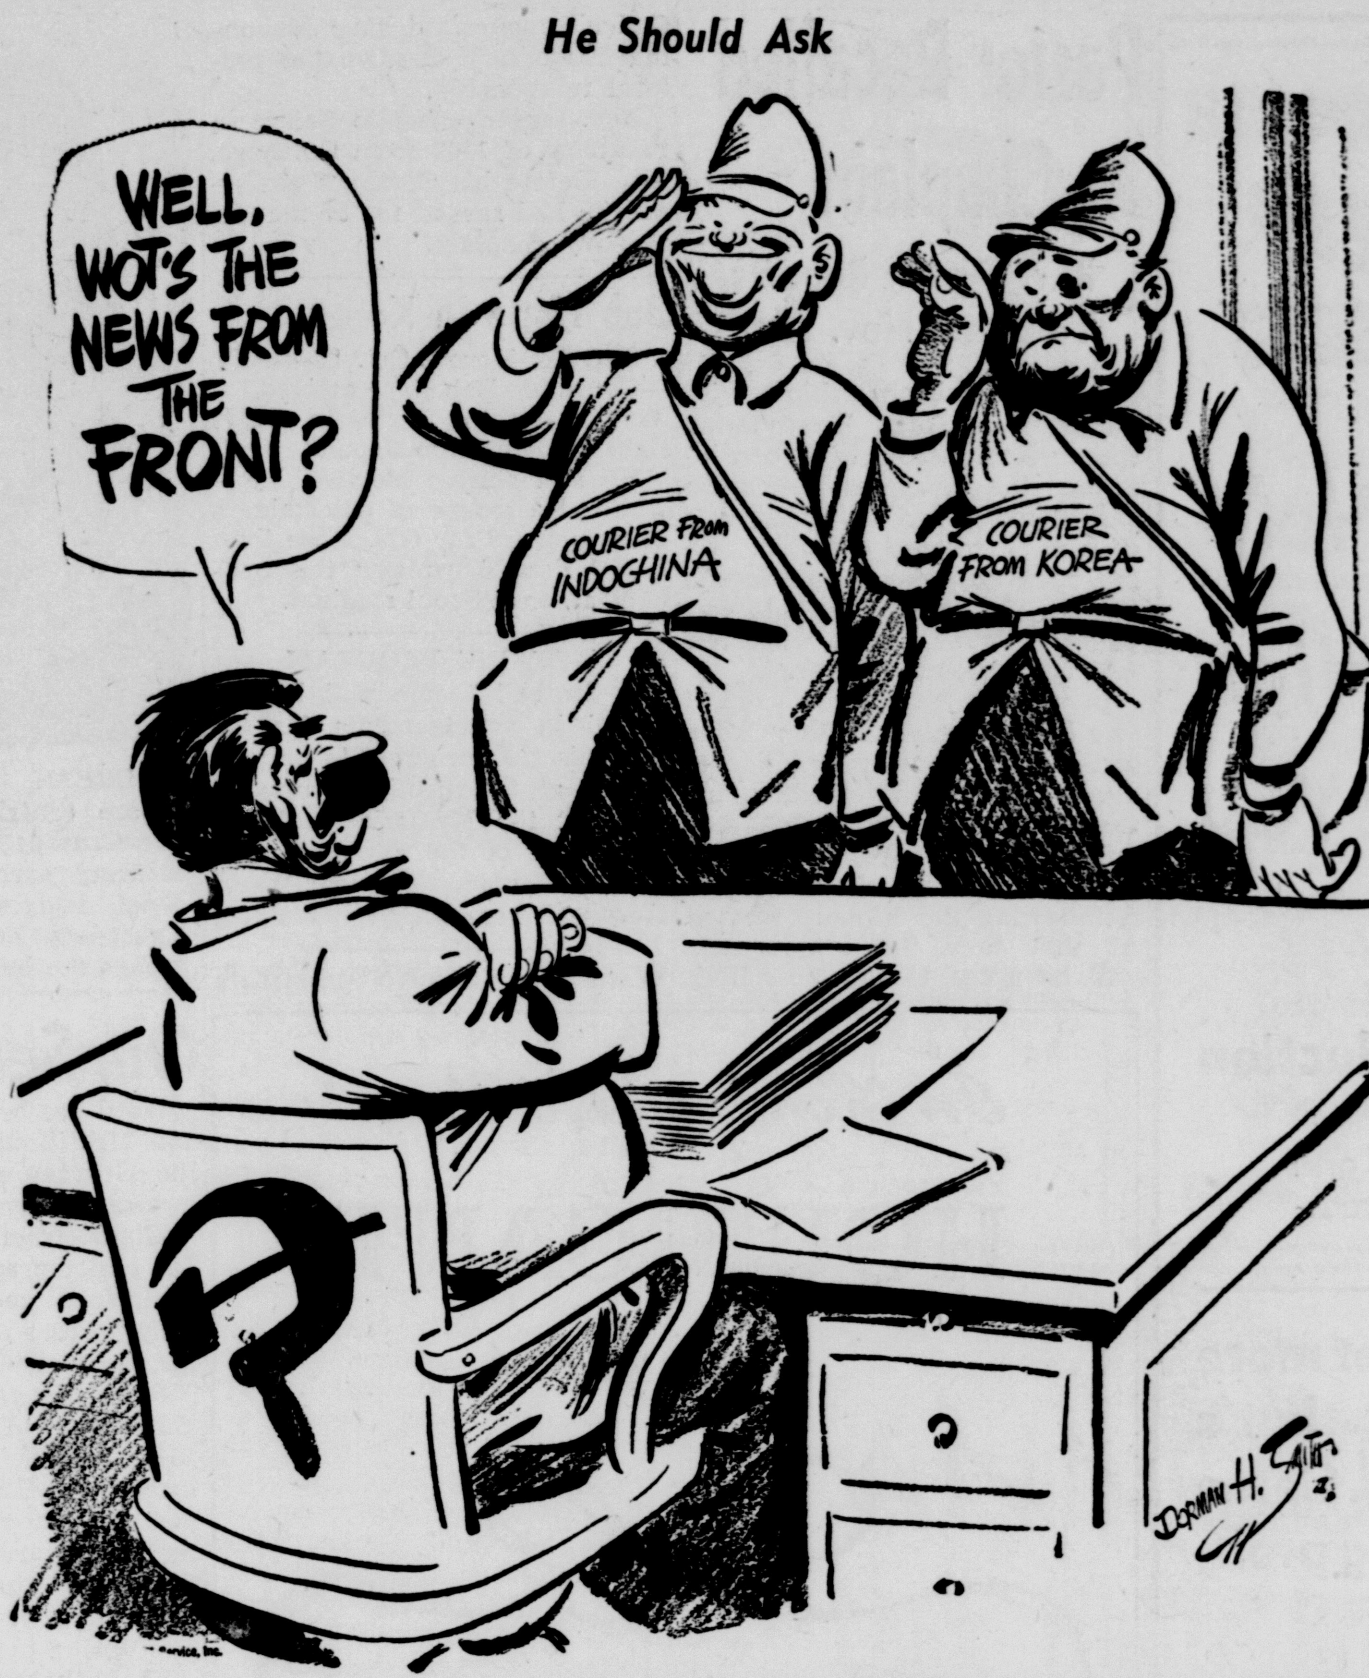

In 1943, there had been another set of quintuplets to Franco and Vallotta de Diligenti in Buenos Aires, Argentina. They

were a mixed lot—three girls and two boys. It left the Dionnes the world distinction of being the only five girls born at the same time.

For those who have forgotten, all five of them weighed only 13 pounds and 6 ounces. The miracle for a long time was not that five babies had been born but that five babies had lived. Old Doc Dafee was given more credit than anyone else, just for knowing enough to keep them alive. Anything else that might be said at this time about the subject of quintuplets?

The historic incident has been reviewed for only one reason—it is something to tie to for a lot of us who have the uncomfortable sensation of drifting over Niagara Falls in a barrel. The Dionne family is doing all right. The quintuplets are doing all right. George Bernard Shaw has been sitting out in the sun on nice days. He is doing all right. Gen. MacArthur is doing all right. Barney Baruch is doing all right. And Eleanor Roosevelt, Casey Stengel and Connie Mack.

If you can remember the birth of the Dionne quintuplets and are still kicking, you are doing all right, too. Quit worrying about your arthritis.

## 1950 Model War Controls

By CLARKE BEACH

WASHINGTON THE government's war production machine, 1950 model, has now been molded into definable shape.

It's structurally different from what it was in 1940, when the United States first assumed its historic role as the arsenal of democracy, although it is designed to do the same jobs. It is making use, primarily, of established government agencies to handle the vastly complex problems of priorities, allocations, controls, quotas etc.

The President, using the control powers in the Defense Production Act of 1950, set the pattern in his executive order of Sept. 9. He delegated his production mobilization powers to various cabinet members and to the Interstate Commerce Commission (ICC).

To the Department of Interior went the responsibility for petro-

leum, gas, coal, minerals and electric power. To the Agriculture Department went food, fiber, lumber, raw tobacco, farm equipment and commercial fertilizer. To the ICC went the responsibility for domestic transportation, storage and port facilities, excluding air transport and salt water shipping. To commerce went all other materials and facilities.

THE VARIOUS agency heads have dual jobs:

1. They must see that the materials and facilities go to the war material producers.  
2. They must aid the industries to expand their production.

Here's how the thing works in practice:  
The secretary of agriculture has created two new units in his Production Marketing Administration. One of them, the Office of Requirements and Allocations, has the job of channeling and parcel-

ing out the food, fibers etc. The other one, the Office of Materials and Facilities aids farmers to get materials and facilities. It must get steel from commerce to build farm equipment and get from the ICC the necessary transport.

Similar units have been set up in other departments. All arguments will be settled by the chairman of the National Security Resources Board, W. Stuart Symington.

AN ENORMOUS blank space in the mobilization pattern is still to be filled in. The President decreed that there would be a new and independent agency to handle price controls and wage stabilization. It is to be called the Economic Stabilization Agency. So far no one has been appointed for the job and no steps have been taken to set up the agency. The President, obviously reluctant to impose price and wage ceilings, has said the agency will not go into action at the present time.

Secretary of Commerce Sawyer has established the biggest of the new agencies, the National Production Authority, within the Commerce Department to handle his share of the mobilization job. Heading it is William Henry Harrison, 58, president of the International Telephone and Telegraph Corp.

It has issued two important orders: One establishes inventory control, forbidding business and industry to have in stock more than a working supply of 32 war materials, including such items as steel, industrial alcohol and nylon. The other one provides priority regulation, giving defense orders the first call on all productive resources for which the commerce secretary is responsible.

Urges Polio Fund

The News: Two questions are on the minds of most Salemites today:

(1) Who will be the next polio victim?  
(2) Will there be a refund on the football season tickets?  
Only God can answer the first question.

As for the second question, I'd like to make a suggestion regarding the \$6 refund on my season tickets should the rest of Salem's games be cancelled.

I suggest that a "Fund For Salem Polio Victims" be established to which my \$6 could be contributed. I know other season ticket holders would be glad to donate their refunds. And, surely other citizens of Salem, not ticket holders, would willingly support such a move.

This "Fund For Salem Polio Victims" could be sponsored by the Salem Boosters Club or some other interested organization. Through the sponsoring of such an organization it would be possible to make the hospital stay a little brighter. Books, candy, flowers, games to pass the time of day, not to mention aid in hospital and doctor bills, would lighten some of the darkness of this dread disease.

Surely whatever each can give, to help those stricken, will not much deprive us who are spared.

## Capture Is Well Executed

PYONGYANG

THE U.S. tank and infantry drive into this Red city stronghold of North Korea is one of the great stories of modern American military tactics.

It has the dash and color of Gen. George S. Patton's drive on Palermo in Sicily and the smashing thrust across Europe by the American armies.

It is the sort of operation which the Americans understand and execute well.

This was the way it happened:

Wednesday the U.S. First Cavalry Division's Seventh Regiment moved against the little village of Hukkyo which nestles in a line of ridges blocking the main approach to Pyongyang. There the enemy had made his stand.

All afternoon and all night the Seventh Regiment fought at Hukkyo, repulsing two counterattacks during the night.

Then Thursday morning the Fifth Regiment was moved into the battle.

The Fifth moved across a river with tanks leading the way. This thrust broke through the thin crust of Red resistance. After that the column barreled down the road.

AT TIMES the tanks were racing 35 miles an hour and the Reds didn't have a chance to pull back and defend Pyongyang. They were overrun before they could retreat to prepared positions before the city.

Col. Marcel Crombez of Portland, Ore., Fifth Regiment commander, said: "The Reds were shooting at us all the way but we kept going."

This hard hitting column didn't halt for small pockets of Red troops. It just shot them up from the road and kept going ahead to let following units deal with them later.

And as a result most of the bypassed Reds decided to surrender rather than fight.

It was just three months ago that the First Cavalry Division landed in Korea.

For the first two months the division was on the defensive.

Then came the breakthrough in mid-September and the surge north. The drive on Pyongyang climaxed the First Cavalry's record in the Korean war.

"I am only happy that I could live to see this day," said Brig. Gen. Frank Allen, Jr., of Cleveland, First Cavalry Division assistant commander.

PFC. WALTER Kraeger of Detroit grinned:

"The faster we move, the better I like it."

The first two brothers to enter Pyongyang were the Tracy brothers of Cedarhurst, N. Y. Major N. C. Tracy is with the First Corps as an air liaison officer. His brother, Lt. Col. Edgar Tracy, is with the Fifth Cavalry Regiment.

They rode into Pyongyang in the same vehicle. Major Tracy said:

"Since his outfit was going in I wanted to be with him. We went into Kumchon together and I wanted to do the same thing here."

There is one veteran of World War I who is having himself an exciting time in the war. He is Maj. Gen. Frank E. Lowe, retired, personal representative of President Truman.

Lowe has been observing this army in operation at divisional and regimental levels and not from the star-studded higher echelon.

He has been under fire frequently. He was with the battalion which first entered Pyongyang.

Somewhere in Pyongyang Colonel Crombez probably opened a bottle of champagne and drank a toast to the success of his regiment which first entered the city.

General Allen gave Crombez the bottle with orders that it not be opened until Crombez reached Pyongyang.

## Panora Lodge Meets Tuesday

### Engagement Of Joan Zellers Announced

COLUMBIANA, Oct. 23.—Panora Lodge of Odd Fellows will have its annual observance of "old timers' night" at 8 p.m., Tuesday. The meeting will be preceded by a chicken dinner served in the lodge quarters at 6:30 by Panora Rebekah Lodge.

At the meeting, pins will be awarded a number of old members who have been in the lodge 25 years or more. Judge Elmer T. Phillips of Youngstown, member of the court of appeals, will be the speaker and award the pins. Panora lodge was instituted in November, 1868.

**ANNOUNCEMENT** is made of the approaching marriage of Miss Joan Zellers, daughter of Mr. and Mrs. G. A. Zellers of East Railroad st. to Lyall N. Rodgers, son of Mr. and Mrs. E. O. Rodgers of Boston. An open church service is planned for the wedding in the Columbiana Christian church, Feb. 4.

Miss Zellers attended Ohio State University and is employed in the office of Dr. H. W. Zellers, Jr., in Youngstown. Mr. Rodgers will graduate from Youngstown College in June.

**Columbiana Briefs:**

The Booster Club plans to observe "Dads day" at the Columbiana-Sebring game here Thursday evening.

## 100 Local Teachers To Attend Meeting

More than 100 Salem school teachers will join 15,000 teacher members of the Northeastern Ohio Teachers Association next Friday in Cleveland for the annual NEOTA meeting.

Almost 3,000 Salem children are happy about the whole thing — school will be out for the day.

Approximately 35 general and departmental meetings will be held during the day. Almost all teachers will attend the morning general meeting, when A. J. Stoddard, superintendent of Los Angeles schools, will present the keynote speech of the meeting, "Four Dilemmas Confronting The Schools."

Mrs. Mary Doyle and John Paul Olloman will be the official delegates from Salem at the business meeting. J. O. Hagedorn will serve as a host at one of the afternoon general meetings.

B. F. Stanton of Alliance, former Salem principal, will speak on retired teachers' problems at the afternoon representative assembly.

Other teachers from nearby schools who hold posts on the program include: Mary Pettit of Lisbon, Mrs. Carolyn Wilson of Columbiana, Edward Strauss of Sebring, Ira Sayre of East Liverpool and I. J. Nisonger from the Mahoning County Teachers Association.

## Buta-Barson Nuptials Held At Romanian Orthodox Church

A PERFECT OCTOBER AFTERNOON lent inspiration to the wedding of Miss Eleonora Buta and John Barson, Jr. at 3:30 Saturday in the Romanian Orthodox church, S. Lundy ave.

Miss Buta, talented vocalist, is the daughter of Mr. and Mrs. John S. Buta of Dearborn. Mr. Barson is the son of Mr. and Mrs. John Barson of Dearborn, Mich.

Palms banked the chancel entrance and two vases of orchid and white pompons were placed on the candlelit altar. White candles in triple candelabra were in each window and the pews were marked with white ribbon bows.

The sanctuary was filled with relatives and friends, who were seated by the ushers George Taflan of Salem; Bill Miller of Cleveland; Cornell Danciu of Chagrin Falls and John Fossio and John Pampu, both of Detroit.

Mrs. Steven Odoran, the bride's voice teacher, played the nuptial melodies and accompanied Galen Rich who sang "At Dawning," "O Promise Me," "Through The Years" and "The Lord's Prayer."

As the first note of "The Bridal Chorus" from Lohengrin (Wagner) was heard, the beautiful bridal procession started down the aisle.

The bride approached the altar on the arm of her father. She was charming in a traditionally styled Bur-Mill satin bridal costume. The gown's nylon yoke was combined with imported Chantilly lace and had a small round collar. The satin bodice draped into a dramatic peplum edged in lace. The hoop skirt swept into a flowing cathedral train which was also edged in lace.

Her matching veil adorned the imported lace and lustrous seed pearl tiara exquisitely trimmed with jewel beads. Stephanotis, miniature white carnations and two white orchids were combined in the bride's cascade bouquet which was showered with stephanotis and maiden hair fern. Her pearl necklace was a gift of the groom.

Mrs. George Garvita of Detroit, matron of honor, wore a gown created of gold-colored satin. Her open-crown braided hat matched her gown and she carried a cascade bouquet of bronze pompons, mums and Talisman roses tied with a variegated ribbon. Mr. Garvita was best man.

Bridesmaids, Dolores Buta, Joann Copacia, Pennie Taflan, Florence and Millie Maier, and junior bridesmaids, Helen Dora and Evelyn Copacia, were gowned identically in seafoam

green, copper, Congo pink, Minuet blue and melon Bur-Mill satin.

The bodices of their gowns fell into a graceful drape puff bustle back with full sweeping skirts. The bertha capes accented with a bias roll detail whipped off the shoulder. Their crownless satin hats, sweetheart-shaped, were etched with seed pearls and matched their gowns.

They wore pearl chokers, gifts of the bride. Yellow pompons and yellow mums were combined in their cascade bouquets, which were tied with variegated ribbon.

Georgiana Monda of Canton, the bride's cousin, was flower girl. She wore a pink satin frock styled with a hoop skirt and also wore a matching open-crown sweetheart hat trimmed in tiny flowers. Her colonial bouquet of pompons and roses was tied with variegated pastel ribbon.

Richard Buta, brother of the bride, was ring bearer. He carried the rings on the same pillow that was used at the bride's parents wedding.

Mrs. Buta wore a cocoa-colored crepe dress with brown accessories. Mrs. Barson appeared in a tan outfit. Both wore orchid corsages.

Approximately 400 guests attended the wedding reception and dinner at the Romanian hall, S. Ellsworth ave.

A traditional wedding cake, flowers and candles made the bride's table attractive. Some of the guests came from Windsor, Canada, California, Detroit, Dearborn, New York City and points in Ohio, West Virginia and Pennsylvania.

For her honeymoon trip the bride donned a black and white check suit. She used black accessories and wore the orchid corsage from her bouquet.

The bride graduated from Salem High school and attended a summer session at Mt. Union college where she studied music. She was employed in the office of the Mullins Manufacturing Corp.

Mr. Barson is a graduate of Fordson High school and Michigan State Normal college. He is teaching mathematics and science in the Wayne, Mich., high school. The couple will reside at 122 Harry ave, Hazel Park, Mich.

## Shirley Ann Robusch's Betrothal Announced

Mr. and Mrs. Lloyd Robusch of E. Seventh st. announce the engagement of their daughter, Shirley Ann, to Forrest Richard Field son of Mr. and Mrs. L. B. Field of S. Union ave.

Miss Robusch and her fiancé are graduates of Salem High school. She is employed in the office of the Ohio Mutual Insurance Co. He is an employee of the Salem Motor Co. and will leave Thursday for the service. No date has been set for the wedding.

## Student Thespians To Present Comedy

A COMEDY, "Wilbur Minds the Baby," will be presented by the high school dramatic club at the Presbyterian March committee's "Parcel Post" party at 8 Tuesday in the church. The public is invited to the party and Mrs. Walter Miller is ticket chairman.

Mrs. Charles Cozad and Mrs. Clifford Todd are chairmen of the committee who have planned an evening of variety entertainment which includes the sale of parcel post packages from all over the United States.

In the cast of the comedy are Dick Gleckner as the father; Phyllis Flick as the mother and Dana Rice, Nancy Weidenhof and Kenneth Rogers as their children. Patsy Paul is the neighbor who has a bad little boy played by William Schuller.

Wilda Hall enacts the part of one of the daughter's girl friends. Bill Winder will have charge of sound effects.

# Grapefruit Cobbler Appeals to Menfolk

THIS DELICIOUS and economical dessert should bring applause from your family and guests. Made with nutritious, plump Florida grapefruit sections, it is the type dessert that most men especially like.

Use the canned sections now, later on substitute fresh grapefruit if you wish. If you have fancy cookie cutters, the possibilities for the pastry topping are endless.

**FLORIDA COBBLER**  
2 No. 2 cans grapefruit sec-

tions  
1/2 cup firmly packed brown sugar  
3 T flour  
2 T butter or margarine  
1 1/4 cups sifted all-purpose flour

2 T sugar  
2 t baking powder  
1/2 t salt  
1/4 cup shortening  
1/3 to 1/2 cup milk  
Place grapefruit sections with syrup in shallow baking dish ap-

proximately 11-by-7-by-1 1/2-inch-es. Combine sugar and flour, sprinkle over fruit, dot with butter. Bake in moderate oven (375 F.) for 15 minutes.

While fruit mixture is being heated, sift together flour, sugar, baking powder and salt. Cut in shortening with 2 knives or pastry blender until mixture resembles coarse meal.

Add enough milk to make a soft dough. Knead on a lightly floured board 1/2 minute. Roll dough approximately 1/4 inch

thick. With 2-inch cookie cutter, cut into 6 stars and 6 rounds. Press several raisins in center of each round; arrange over hot fruit mixture. Bake in moderate oven (375 F.) about 20 minutes or until brown. Serve with hard sauce for six persons.

No fair peeking at the sample prices over on the right till you put yourself to this test:

Look at the handsome honey pictured here—or recall the thousands like it that you've been seeing on the highways—and ask yourself what you think one would cost.

Bear in mind, this is an eight—and a very special eight—with the eager and ever-lively power of a high-compression valve-in-head engine that's a Fireball to boot.

Take stock of its generous expanses of safety plate glass that mean extra visibility—and the sofa-wide comfort of its deep-cushioned seats.

Take our word for it—or check for yourself—it rides like a dream—with coil springs on all four wheels instead of two—with big soft low-pressure tires on Buick's wide rims—and with feather-light handling for all its road-hugging heft.

Remember that such things as air cleaners, oil filters, dual horns, windshield wipers, sun visors and map lights, automatic dome lighting, and a built-in ventilation system all come as part and parcel of every Buick at no extra cost—and likewise that

Buick, and Buick alone, offers Dynaflo Drive.\*

Then look at the prices and see how they jibe with your idea of what such a car should cost. If you've done any shopping, you'll quickly find out that you can own a Buick at prices that start below what you'd pay for some sixes.

Why not get the exact figures for the body type in the Series that exactly fits your taste and budget—starting now, with a visit to your Buick dealer.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

The burner's the heart of any heater ...

Only **DUO-THERM** gives you this Amazing Burner!

\$57.00  
To  
\$149.95

No fuel oil heater can be better than its burner. That's why Duo-Therm builds a heater from the burner out—designs the complete heater around the burner itself. And what a burner!

It gives more heat from every drop of oil! That's because its exclusive full-bodied, mushroom type flame hugs the side of the heat chamber, transfers more heat to the home quickly.

It burns a clean, efficient flame from lowest to highest fire! That's because air is injected in 6 stages (a Duo-Therm exclusive) to give proper balance between air and oil for perfect combustion and clean performance from low pilot setting to highest flame.

It's absolutely noiseless! No moving or mechanical parts, nothing to wear out. And low velocity air intake produces a gentle diffusion of combustion air. You feel the heat—you never hear it.

Come in—see all the advantages of the exclusive Duo-Therm Dual-Chamber Burner. See Duo-Therm's exclusive furniture styling. See the exclusive Duo-Therm Power-Air, the blower that cuts fuel costs up to 25% by actual tests. Easy terms to suit your budget.

The used car most like new cars!

# Nash

## Select USED CARS

For Lasting Beauty . . . Dependable Performance . . . Extra Long Life

Don't gamble on a used car. Before you buy, ask yourself some very pertinent questions. We think you'll agree that the answers prove that the best buy is Nash—the used car most like new cars.

**How About Economy?**

Nash has long been known as the most economical of all full-size cars. You continue to get this same kind of thrifty performance from the used Nash you buy.

**How About Safety?**

Airlyte Construction (unitized) is the strongest, safest type of construction known. Body and frame are one integral unit giving greater protection and rigidity. Your Nash used car is a safer car!

**How About Appearance?**

Compare Nash with other used cars and see the difference! A used Nash looks new years longer, because body and fenders are fully Bonderized under brilliant, lasting Permalux enamel finish.

**How About The Ride?**

Most Nash used cars have individual coil springs on all four wheels for the smoothest ride you ever experienced. And all have more room for long-legged passengers and all their luggage.

**How About Year-Round Comfort?**

Only Nash has the famous Weather Eye Conditioned Air System—the greatest contribution to automotive heating and ventilating in the history of the industry. With the Nash Weather Eye, you can ride in shirt-sleeved comfort on the coldest day.

**How About Quiet?**

If you hate squeaks and rattles, choose a used Nash. It's lastingly quiet because it's built with Unitized, all-welded Airlyte Construction eliminating more than 8,000 noise-making joints.

**How About Value?**

A used Nash gives you more for your money on every count by which you judge an automobile. Compare and see for yourself. We have a used Nash you'll be proud to own, at a price that makes mighty good sense. See us today.

Our Nash used cars which carry the Select Used Car label have had as many as 21 rigid inspections, adjustments or replacements and are thoroughly recommended to bring the buyer better performance, appearance and dependability.

**ASK FRANCIS BURKE OF LOWVILLE, N. Y.**

SAYS MR. BURKE: "I have a 1947 Nash Ambassador that I use as a taxi. I bought the car used. At the time I bought it, it had 20,000 miles on it. I now have 92,000 miles on it . . . still get 20 miles to the gallon. It looks as good today as it did when I bought it and has never quit the road."

# Giants Sink Browns Once Again 17-13

## Fumble In 4th Proves Costly

### Giant Pass Rushing Stops Otto Graham

CLEVELAND, Oct. 23—(AP)—The National Football League is a tougher proposition than the old All-America Conference ever was. If you don't believe that, just ask the Cleveland Browns, who for the first time in better than four years have found a professional team that can beat them—the New York Giants.

The Giants hung the second straight loss on the Browns, 17-13, yesterday in New York and without too much trouble.

The defeat meant that the Browns returned here last night in third place in the NFL's American conference with a 4-2 record. Ahead of them are the Giants and Philadelphia, each 4-1.

**THE FIRST TIME** they played Cleveland the Giants concentrated on keeping a close watch on the receivers for quarterback Otto Graham's passes and won, 6-0.

Yesterday they rushed Graham instead and that worked, too. Giant end Ray Poole and tackle Al De Rogatis caught Graham so often that he lost 71 yards attempting to pass. That almost offset the 118 yards gained by his 10 completed passes.

The first Giant score—a first period field goal—was set up and kicked by Poole. The end hit Graham so hard the quarterback fumbled on his own 20. New York recovered and a few plays later Poole booted the three points.

All the Cleveland points were scored in the second period. Lou Groza kicked two field goals, one from the 17 and one from the 18-yard line, and the Browns got another six points, practically as a gift.

After his second field goal, Groza kicked off. Jim Ostendarp, a Giant rookie, let the ball bounce untouched to the one-yard line, apparently not realizing it was a free pigskin and would belong to which ever team grabbed it. Ken Carpenter fell on it for Cleveland and on the next play Graham snuck over. Groza kicked the extra point.

**NEW YORK** marched 48 yards in the third period for a touchdown which Forrest Griffith ran over from the two.

In the final quarter, Cleveland's Rex Bumgardner fumbled and New York's Tom Landry recovered on the Brown's 19. Joe Scott bulldozed the final two yards for what proved to be the clinching touchdown.

Cleveland threw 18 passes of which three were intercepted—all by Otto Schnellbacher—and five were incomplete.

New York got 117 yards by passing, one less than Cleveland, and dominated the ground game. By rushing, the Giants got 207 yards to the Browns' 82.

Eight penalties which cost them 68 yards were called against the Browns. The Giants drew seven penalties which cost 79 yards.

Two of the Giants were injured. Tackle Arnie Weinmeister suffered a leg injury on the opening kickoff. Travis Tidwell, rookie quarterback, also left the game on a stretcher after hurting his right ankle.

Two players were thrown out of the game for unnecessary roughness, Derrell Palmer of Cleveland and De Rogatis of New York.

Sharing the limelight with the Giants are the Los Angeles Rams. The Rams set a new scoring record by trouncing the Baltimore Colts, 70-27. The three score and ten points surpassed the previous high of 65 scored by the Chicago Cardinals on Nev. 13, 1949.

The Chicago Cardinals vacated the cellar in favor of Washington by taming the Redskins, 38-28. The Cards tucked away the decision with a 28-point spree in the second period.

Texas Christian University has had only three football coaches since 1923 — Matty Bell, Francis Schmidt and Dutch Meyer.

## Unbeaten College 11's Are Fewer This Week

NEW YORK, Oct. 23—(AP)—The ranks of the nation's unbeaten and untied major college football teams, whittled to a mere dozen by a wave of upsets, headed for further thinning this weekend.

The perfect records of Cornell and Princeton will be matched in the Ivy league headliner at Princeton, and one is bound to be sullied.

Northwestern and surprising Miami will risk unblemished marks against dangerous rivals. The Northwestern Wildcats, with four in a row, will take their Big Ten campaign to Wisconsin, where they will play a Badger team that was unbeaten until spilled by Michigan Saturday, 26-13.

Miami, the rugged little David that felled giant-killer Purdue, will go against a winless Pittsburgh that has yet to explode its full might.

Other clean records, including those of top-ranking Army and Oklahoma, appear safe enough for the time being. The list includes Kentucky, California, Southern Methodist, Wyoming, Wichita and Loyola of Los Angeles.

Wisconsin, Washington, Stanford, Rice and Vanderbilt were the powers who fell for the first time Saturday as the sport was rocked again by upsets from coast to coast.

Wisconsin bowed to a twice-beaten Michigan team on the rebound from its loss to Army in New York.

Illinois put skids under the highly rated Washington Huskies, who came east to absorb a 20-13 lashing. Bowl-minded Stanford was trapped by Red Sanders' high-charged UCLA at Los Angeles, 21-7.

The Rice Owls, defending southwest conference champions, ran afoul Southern Methodist's powerized Mustangs and succumbed, 42-21. Vanderbilt got started late and lost to Florida, 31-27.

Just to give the topsy-turvy season a further confusing complexion, the once all-conquering Notre Dame lost its second game of the season, battered Navy rose up to smite Southern California, North Carolina State whipped Maryland and little Lehigh stunned Dartmouth.

Bobby Robertson, a fleet Negro halfback, led the attack that gave Indiana its first victory since 1906 over Notre Dame, 20-7, and handed the Irish their second setback in five seasons.

Navy's forces rallied from three straight defeats to whip Southern Cal, 27-14. N.C. State's victory margin over Maryland, ranked eighth nationally, was 16-13. Lehigh remained unbeaten by slapping favored Dartmouth, 16-14.

## Triumphant Bucks Warned About Iowa

COLUMBUS, Oct. 23—(AP)—Ohio State's football players returning from their 48-0 win over Minnesota Saturday, got a big welcome home last night—but a warning of a tough game ahead with Iowa next Saturday.

The university band and a big group of Buck supporters met the team at Union station. Among them was assistant line coach Ernie Godfrey who has scouted Iowa.

And Godfrey warned: "We're in for a heck of a scrap because Glenn Drahm (the man who does most of the Iowa passing) is just beginning to find the range. And their running is plenty dangerous." (Iowa churned out 213 yards on the ground against Purdue).

Ticket director Ed Weaver reported there are only a few box seats and some south end bleacher tickets left in Ohio stadium for the Iowa game.

The Army-Navy football series stands at 27 wins for Army, 19 for Navy with four ties.

## McBride Sore About Injury

### Will Send Hospital Bill To Bert Bell

By FRITZ HOWELL

CLEVELAND, Oct. 23—(AP)—Arthur (Mickey) McBride, militant and millionaire owner of the Cleveland Browns, is about to try something new in professional football.

He's going to ask Commissioner Bert Bell to order the Chicago Cardinals to pay Brown end Len Ford's remaining salary and hospital and medical bills.

Ford suffered a fractured jaw, cheek bone and nose, and lost several teeth in last week's game with the Cardinals.

"Ford was deliberately slugged by Pat Harder of the Cardinals," McBride said. "The pictures of the game show our boy was blameless, and that Harder hit him in the face with his elbow intentionally."

"Football is a rough game, and we wouldn't object if a boy were hurt on a legitimate play. But this was different. It not only injured one of our outstanding players, but it jeopardized our chances in the league. The fault was purely that of the Cardinals, and we're going to send the bill to Com-

missioner Bell with a request that he have the Cardinals pay it."

McBride, who made his statement just before yesterday's game with the New York Giants in the Polo Grounds, in which the Browns were defeated for the second time this year by Steve Owens club, 17-13, went on:

"There is too much slugging and fighting going on, and the officials don't seem to do much about it. If they don't want to play football, let's fold the thing up."

"If they want to make football a fight, we can play that way, too. But we won't do it—we'll just quit the game."

McBride said the pictures of the Cardinal-Brown game showed one of the officials calling a foul on Ford while he was on the ground after being injured, and that the Browns were penalized 15 yards for roughness.

"Ford hadn't done a thing out of line, yet the official waved

him out of the game while he was down, and Commissioner Bell fined Ford \$50 (later rescinded) on the basis of the report made by the official," McBride said.

"I don't want to have anything to do with all this fighting, and if it continues I'll sell the franchise and get out. We expect to lose some games, but we want a fair shake from the officials and the other teams. If we don't get it, we'll fold up."

Coach Paul E. Brown said he knew McBride was upset by the Ford and other incidents, and continued:

"If Mickey sells the franchise you can bet I won't be here next year either. It will be a whole new setup. My contract is a personal one with Mickey, not with the football club."

## Western Stars Lead Touch Loop

The Western Stars, edging Hoppes Tires 13-12 in an overtime contest, took over undisputed first place in the Touch Football League Sunday afternoon at Centennial park.

Figuring in on the scoring plays, both passes, for the Stars were Harry Ehrhart, Ray McGaffick and Wayne Hahn, while Carl Ciccozzi and Dominic Parlo accounted for the Tires' two touchdowns, one on a pass interception and the other on an aerial.

Deville's Grocery took an 18-7 beating at the hands of a potent Amvet team. Dick Greene's passes proved too much for Deville's.

The Northerners handed Watersons their third straight loss, defeating them 12-0. Bill Ingle-

due, John Guiler and Wayne Wright starred for the winners, while Andy Saper, the losers' captain, sparked his team's efforts.

## SHAFFER WINS

COLUMBUS, Oct. 23—(AP)—A Columbus driver, Al Shaffer, yesterday captured the midwest midget auto championship 20-lap race at the half-mile Powell speedway. Second was Al Weber of Akron; third, Gays Biro of Peninsula, O., and fourth, Joe Pinter of Cuyahoga Falls, O. Bob Bohiemmer of Dayton, was injured when his racer flipped end over end as the 33 cars in the race entered the first turn, but his injuries were not reported as serious.

Kentucky football teams have been held to a total of six points against Tennessee in the last five meetings.

## Daily Dozen

By BOB DIXON

•The savage polio attacks on three of his players completely demoralized Coach Ben Barrett over the weekend. And his sadness was in no part brought on by the cancellation of the remainder of the football schedule.

•"We're not worried about a few games," he said over and over. "It's the health of those fine kids that concerns me."

•"It was simply one of those things you never dream will happen to you," Ben exclaimed. "Al-ways it happens to someone else."

•He said he could understand how some of the boys felt Friday night when they played the Struthers game. He said it took pure "guts" to go through with it, particularly on Jim Callahan's part. Jim had felt poorly before the game, but kept it to himself and played the entire game.

•This was my best team at Salem and I've never coached a cleaner, better bunch of boys," Ben stated. "I'm very proud of them."

•Looking back now, it is easy to see that something was bothering the Quakers Friday night. They weren't themselves. Many were obviously worried over the illness which had knocked out tackle Walt Wisler.

•The Quakers had no poise or confidence in the game, after their first 60-yard march for a touchdown. And it's no wonder.

•Barrett feels that his regular team could have beaten Struthers easily, probably by "25 or 30 points." Even the club which played Friday could have won with nothing hanging over its head.

•Ben heard of Callahan's illness while in Steubenville scouting the Central Catholic eleven. He was handed a wire at half-time telling him the bad news. He turned and walked out of the stadium, telling the Central faculty manager, "there won't be any ball game next Thursday."

•Naturally the balance of the schedule was cancelled. None of the parents of the players would ever permit their boys to play again this fall. If they did come back, it wouldn't be the same team.

•Dr. R. T. Holzbach gave an encouraging opinion on Callahan over the weekend. He said if Jim recovers, with no paralysis, he'll be able to play basketball with no ill effects. In fact, he said, he'll feel no worse than if he had simply had the flu.

•The whole affair was the most tragic thing to ever strike a Salem athletic team or the school for that matter. It was a fine football team and the community can well be proud of it.

Although George Washington Georgetown have met frequently on the football field since 1890, it was not until 1948 that GW was able to score more than one touchdown in a single game.

## H. O. Sebring Dies At Florida Home

H. Orvil Sebring, 69, a native of East Liverpool and one of the family of East Liverpool, East Palestine and Sebring pottery manufacturers, died suddenly of a heart attack Friday night in his home at Sebring, Fla.

Mr. Sebring retired from the pottery business in 1911 to go to Florida, where he and his father, the late George E. Sebring, founded the city of Sebring. He was engaged in the real estate business and was a representative of the Seaboard Airlines in Sebring in recent years.

Born in East Liverpool, a son of George E. and Cora Harrison Sebring, he went to East Palestine early in life where his father built the Owen China Co. Later they moved to Sebring, where he assisted in the founding of the Oliver China Co.

He was married in 1904 to Elsa Roderus of East Palestine, who survives him. He also leaves a son, H. O. Sebring, Jr., of Philadelphia; a daughter, Miss Lela Sebring of Washington; a sister, Miss Ethel Sebring of Baltimore; a half-brother, Payne Sebring, and a half-sister, Mrs. Warren

Wooden of Sebring, Fla., and three grandchildren. Funeral services will be held Wednesday in Sebring, Fla., with burial there.

## Male Quartet Contest Postponed To Nov. 20

The Male Quartet Contest, which was scheduled to be held tonight at the high school, has been postponed to Nov. 20, Horace Schwartz, Junior Chamber of Commerce president, announced today.

Advance sale of tickets will continue and duets honored on that date. The 11 male quartets who will compete for the \$225 in prizes have told committeemen they will participate in the show program.

## APPOINTED AS CHAIRMAN

Harold S. Bowen, president of the Ohio Association of Insurance Agents, has appointed K. E. Jones of Salem as Columbiana county attendance chairman for the 53rd annual convention of the association in Columbus Oct. 30-31.

The U. S. S. Constitution, "Old Ironsides," carried 24-pound guns, compared with the 18-pounders of British frigates of the time.

**GOBBLE'S LAST STAND**—Nearly 5000 potential Thanksgiving Day dinners are being fattened for market on this farm near Osgood, Ind. In all, the farm's hatchery expects to produce 13,000 turkeys and 80,000 chickens for market. While biding their time before Thanksgiving, the turkeys gobble up almost eight tons of feed a day.

## Clay Will Dedicate World Freedom Bell

NEW YORK, Oct. 23.—(AP)—Gen. Lucius D. Clay left by plane yesterday for Berlin to dedicate the "world freedom bell" as a symbol of protest against Communist propaganda.

Clay, national chairman of the crusade for freedom, was accompanied by 15 regional directors of the crusade group.

The bell, paid for by public subscription, was sent to Berlin by the national committee for a free Europe.

Clay, a former U. S. military governor in Germany, took with him "declaration of freedom" scrolls signed by more than 1,000,000 U. S. citizens.

He will preside at the first ringing of the ten-ton bell tomorrow—United Nations day—at noon.

The bell's tolling will be broadcast to the United States and to eastern Europe.

the boy most advanced, is to be removed from the isolation ward Tuesday. He has no evidence of paralysis, it was learned.

Wisler, too, has had no stiffness of muscles or headache. Callahan was reported "good," with only a slight headache, no stiffness.

Colian was not quite so good as the other three and had "some headache."

At 4 p. m. Sunday Callahan's temperature was 100, Colian's was 98.6, Wisler's 98.8 and Judge's 99, The Salem News learned.

Dr. Holzbach said that judging from these reports, the cases "look very favorable so far." If no paralysis shows up in the next few days, the boys probably will be discharged within two weeks. Of course, he said, such paralysis could appear any time.

In cases of muscle stiffness or pain, hot packs are applied. None have had to be used so far on any of the Salem boys.

Two student nurses from Salem City hospital, working at the Children's hospital on an exchange program, are caring for the four boys.

All costs in connection with the disease, including doctors' fees, hospital care, ambulance service, etc., is paid by the Polio Foundation, made possible by the annual "March of Dimes" campaign.

The boys' address is: Children's Hospital, Isolation Room 110, Akron 8, Ohio.

## 2 Guardsmen Die In Plane Crash

VAN WERT, O., Oct. 23.—(AP)—Two men identified as Ohio National Guards members were killed today when their two-seater plane crashed in a farm field 11 miles northwest of here. The state highway patrol identified the victims as George Deisler, 30, Antwerp, O., the pilot, and Warren Edward Phillips, 28, Hicksville, O.

The patrol said it believed both men were en route to Camp Atterbury, Ind., where the Paulding unit of the National Guard is training. They apparently took off from Paulding earlier today, and were attempting to make a forced landing when the crash occurred, the patrol theorized.

The plane, a civilian Taylorcraft, was demolished.

## Methodist Service Set

Rev. R. C. Swogger, pastor of the Methodist church, who is holding a preaching mission at his church this week, will speak on "I Believe in Judgement" at tonight's service. His Sunday topics were "I Believe in Jesus Christ" and "I Believe in God." More than 200 people attended the Sunday night service. Special music will be featured.

## Trio Lost In Cave Found Unharmmed

HARLANSBURG, Pa., Oct. 23.—(AP)—Two boys and a man companion were found early today 12 hours after they disappeared in a huge recently-discovered cave near this western Pennsylvania town.

The three were reported by police and volunteer searchers to be in "good physical condition."

A radio report from the scene received at the New Castle state police barracks said the three were located some distance from the entrance to the big cavern, sitting down awaiting help.

Hundreds of volunteers had joined the search after the three were reported missing. Two bloodhounds were brought to the scene and huge searchlights were rushed to the cave entrance.

Sheriff Frank L. Coen of nearby New Castle identified the three as Eddie McClelland, 15-year old son of a funeral director; Ernest Malinak, 26, a construc-
